# Overview of Service Gaps Survey

- One of the primary responsibilities of the Community Policy and Management Team (CPMT) is to coordinate long range, community-wide planning to develop resources and services needed by children and families in the community (§2.2-5206).
- The 2006 Virginia General Assembly amended Chapter 781 of the Code of Virginia to further specify this requirement. On an annual basis, the CPMT shall report to the Office of Comprehensive Services (OCS) on gaps and barriers in services needed to keep children in the local community (§2.2-5211.1).
- FY 11 reflects the fifth year that this data has been collected by OCS on the service gaps and barriers for CSA youth in Virginia.
