Empowering communities to serve youth

# "Can CSA Pay?"...

New Coordinator Academy

May 11, 2022

Carol Wilson, Program Consultant

Can CSA Pay?

# Today's Workshop

- Does it seem like sometimes CSA can pay for a service, but other times CSA can't pay for the same service for a different child or family?
- Decision tree to help us think critically and logically to make and document decisions
  - *How statutory provisions affect service and funding decisions*
  - *How other factors (e.g., other partner child-serving agency requirements/policy and their responsibilities) influence CSA*

It's not a puzzle...

# It's not magic...

# It's not a maze...

# Can CSA Pay?

- The answer to this question is not “guess work” or magic
- It is based upon the requirements established by the Children's Services Act.
- Apply the requirements to determine the answer.

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

# Who's eligible?

VIRGINIA DEPARTMENT OF  
SOCIAL SERVICES

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

# Responsibility of another agency?

COV §2.2-5211 D.

"...However, the community services board, the local school division, local social services agency, court service unit or Department of Juvenile Justice shall continue to be responsible for providing services identified in individual family service plans that are within the agency's scope of responsibility and that are funded separately from the state pool."

# Responsibility of Another Agency?

- Part of that agency's mission
- Described in that agency's regulations or policy
- Agency receives funding for that function
- Examples?
  - Case Manager visits to families/foster families
  - Case Manager travel to visit foster children in out of home placement
  - Private day transportation

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

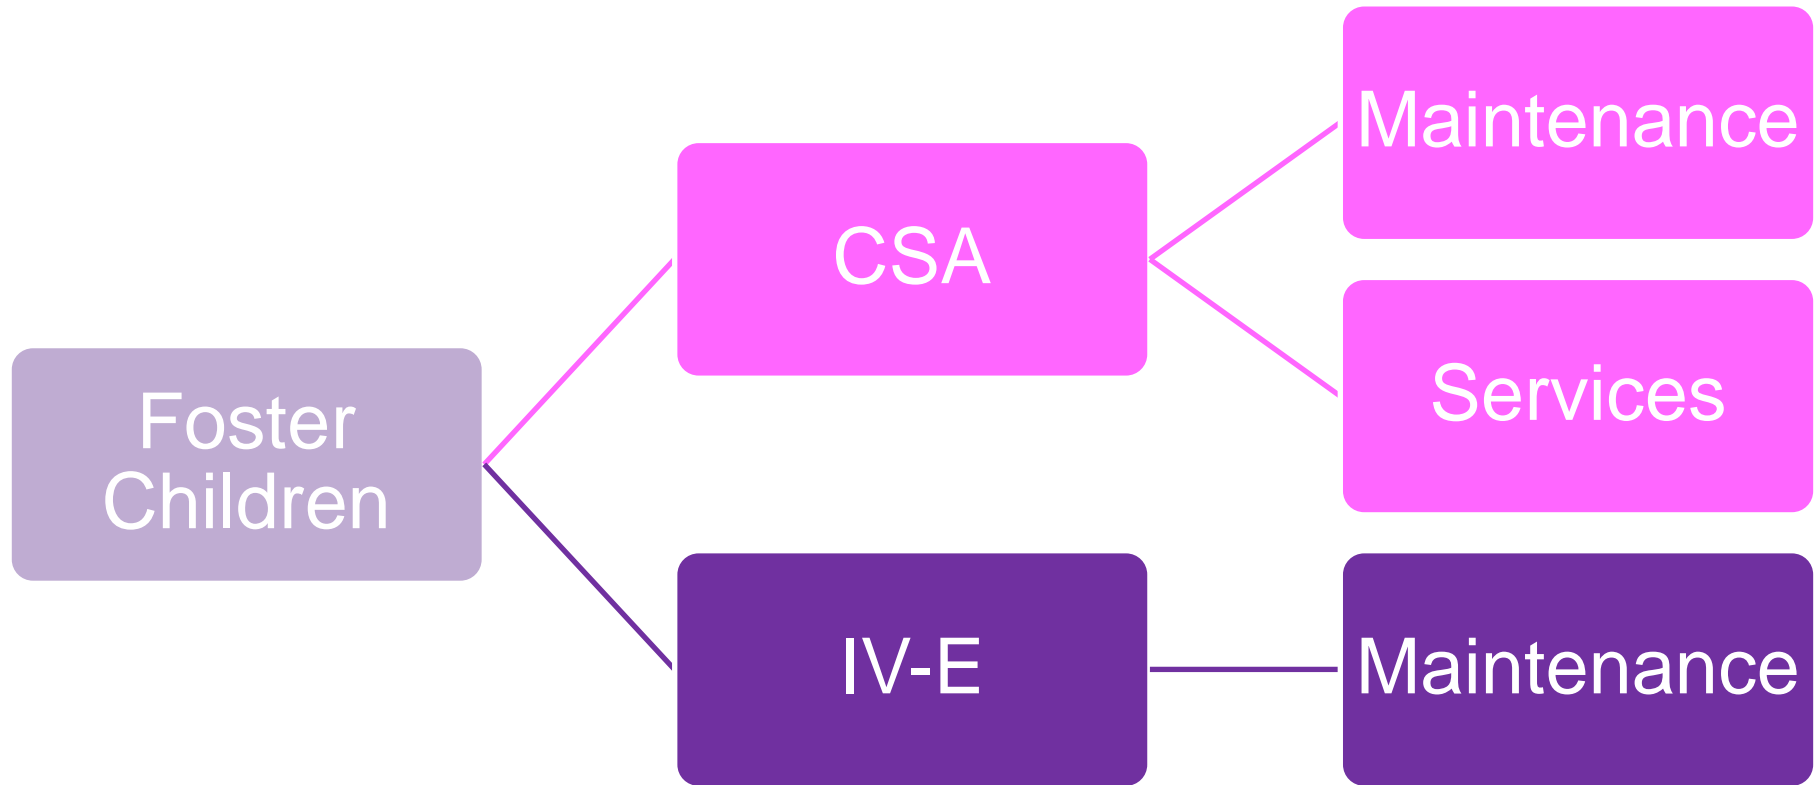

April 2012

# Examples of Other Funding Sources..

- Title IV-E Foster Care
- Title IV-E Prevention Services (effective July 1, 2021)
- Promoting Safe and Stable Families (PSSF)
- Chafee IL Services
- Chafee ETV
- Adoption Assistance
- Mental Health Initiative
- Virginia Juvenile Community Crime Control Act
- Private Health Insurance

# Funding for Foster Children

# CSA Pays Maintenance Costs for Non-IV-E Children

- Maintenance includes:
  - Basic maintenance payment
  - Enhanced maintenance payment as determined by the VEMAT
  - Clothing allowance for foster child
  - Personal incidentals (not a separate payment)
  - Child care if the foster parent works or to attend specific activities (e.g., court hearing)
  - **Transportation for the child to visit parents**
  - Transportation for Best Interest Determination (BID) placements

## Title IV-E and CSA

- Can CSA pay when Title IV-E denies?
- It depends.
- Two factors:
  1. IV-E does not pay for services; but CSA is responsible to pay for services for foster children.
  2. If IV-E won't pay a maintenance cost because requirements for safety or permanency are not met, or local agency was not timely, CSA cannot pay.

## Title IV-E and CSA

- CSA uses the IV-E definition of “maintenance” and pays maintenance for non-IV-E children.
- IV-E “rules” are in place to protect children who are away from their families.
  - Provide protection from harm
  - Ensure children do not remain indefinitely in foster care by implementing permanency requirements/timeframes
- CSA supports equal treatment of children in foster care regardless of funding source (local, state or federal).

## Example-Maintenance

- What if a local DSS wants to place a child in an unapproved or unlicensed foster home?
  - IV-E will not pay maintenance.
  - CSA will not pay maintenance.
  - Why?
- Rule is in place to protect the child from possible harm.

## Example-Services

- IV-E does not pay for any services (e.g., Intensive In-Home, ICC/HFW, counseling, ABA, parent education/skill building or mentoring).
- CSA may pay for services such as the above when appropriate. (See Can CSA Pay? decision tree).

# Family First Prevention Services Act (FFPSA)

- Allows the use of title IV-E funds for specific evidence based prevention services; in Virginia those services currently are:
  - Multisystemic Therapy (MST)
  - Functional Family Therapy (FFT)
  - Parent Child Interaction Therapy (PICT)
- Effective July 1, 2021

## FFPSA (Con't.)

- Additional services requested for approval in VA
  - Brief Family Strategic Therapy
  - Home Builders
  - Family Check up
  - Motivational Interviewing

## Other Funding Sources-Appropriations Act Item 282

### Medicaid

"D. Community Policy and Management Teams shall use Medicaid-funded services whenever they are available for the appropriate treatment of children and youth receiving services under the Children's Services Act. Effective July 1, 2009, pool funds shall not be spent for any service that can be funded through Medicaid for Medicaid-eligible children and youth except when Medicaid-funded services are unavailable or inappropriate for meeting the needs of a child."

# What Does Medicaid Cover? (Examples)

- Community based services *such as*
  - Intensive In-home
  - Therapeutic Day Treatment
  - Mental Health Skill Building
- Treatment costs in group homes
- Room, board and treatment in Psychiatric Residential Treatment Programs (PRTFs)
- Addiction and Recovery Treatment Services (ARTS)

# Exploring Other Funding Sources

- Is CSA “funding of last resort?”
  - No, CSA is not funding of last resort. There are instances when it is appropriate for CSA to pay even if another funding stream is available.
  - CPMTs should planfully determine how they wish to use the various resources available to their agencies and community. Funding streams may be obligated for specific purposes.

# Exploring Other Funding Sources

- FAPT members should be aware of their agency's funding sources and how those sources may be used for discussion at FAPT.
- The possibility of other funding should be explored and documented. However, exploration of other funding streams may not delay the provision of services to a child and family. If time is needed, CSA may pay initially and then the other funding stream accessed.

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

## FAPT Review

### Code of Virginia §2.2-5209

"...Except for cases involving only the payment of foster care maintenance that shall be at the discretion of the local community policy and management team, *cases for which service plans are developed outside of this family assessment and planning team process or approved collaborative, multidisciplinary team process shall not be eligible for state pool funds.*" (Italics added)

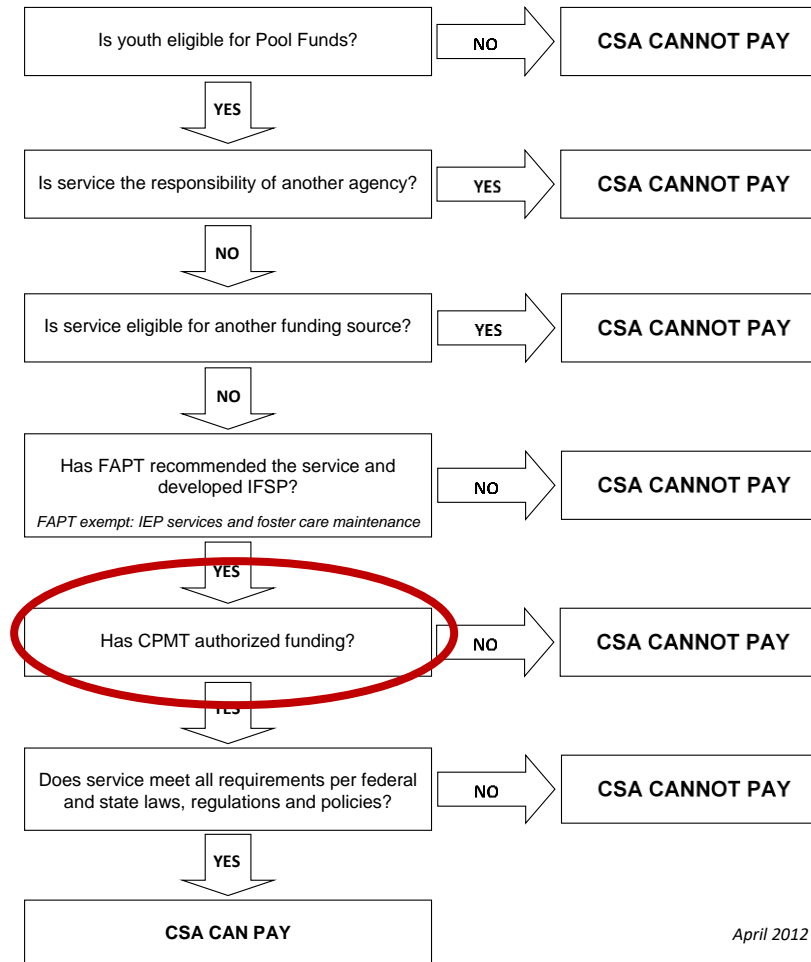

## Exemptions to FAPT Review?

- Maintenance if the CPMT has a written policy to that effect
- IEP cases (private placement) if the CPMT has a written policy to that effect
- Emergency placements and services (FAPT must review within 14 days)

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

# CPMT Authorization of Funding

- The COV §2.2-5206 (9) requires that the CPMT “shall authorize and monitor the expenditure of funds by each family assessment and planning team or a collaborative, multidisciplinary team process approved by the Council...”

# Can CSA Pay?

## DETERMINING IF CSA CAN PAY

April 2012

# Requirements of Law, Regulation and Policy

- Services must be appropriately licensed or approved
- State Executive Council (SEC) policy re: Denial of Funds
  - If a service requires licensure in VA, then it must be licensed for CSA funds to be accessed
- CSA policy must be consistent with other partner agency policies; CSA cannot be used to circumvent their requirements
  - For example, child care must be on the VDSS “legally operating” list for IV-E or CSA to be used

# CSA Can Pay!!!

- If the decision is made that CSA can pay, document reasons and be confident in your decision making!!
- CSA is intended to provide services to youth and families!!!

# Thank you!
